2.SCOPE OF WORK

The scope of work encompasses the design, development, deployment, integration, and maintenance of an AI-Based Multilingual Interview Platform. Solution should incorporate advanced Artificial Intelligence, Natural Language Processing (NLP), Machine Learning (ML), and conversational AI technologies to deliver immersive and effective user experience.

This solution should be designed to support large-scale interview operations by enabling one interview session of approximately ten minutes for up to 20,00,000 (**Twenty Lakh**) users, with the capability to be further extended based on departmental requirements.

Multi-Lingual Conversational AI Mock Interview Platform

Overview

The Mock Interview Module shall provide students with a realistic, AI-driven interview simulation experience that closely replicates actual job interviews. The conversational AI shall be capable of conducting comprehensive interviews across various domains, job roles, and experience levels, adapting its questioning strategy based on the candidate's profile and responses.

Functional Requirements

A. Avatar Selection and Customization

- The platform shall provide a minimum of six (6) distinct AI avatars: three (3) male avatars and three (3) female avatars
- Each avatar have a unique visual appearance, voice characteristics, and interviewing style
- Avatars shall be professionally designed to represent diverse personas (e.g., HR Manager, Technical Lead, Senior Executive)
- Users shall be able to select their preferred avatar before commencing the interview

B. Language Selection and Multi-Lingual Support

- **Mandatory Languages:** English, Hindi, and Telugu shall be supported from Day 1 of deployment
- **Additional Languages (Desirable):** Support for other regional Indian languages such as Tamil, Kannada, Malayalam, Marathi, Bengali, Odia, etc. to support migrants
- Users shall be able to select their preferred language at the start of each interview session
- Speech recognition and synthesis shall be optimized for Indian accents and regional pronunciation variations
- The AI shall maintain conversation context and quality across all supported languages

C. Conversational Intelligence and Natural Interaction

- **Automatic Speech Interruption:** When the user begins speaking, the AI interviewer shall automatically pause and stop its current speech to allow natural conversation flow
- The system shall implement Voice Activity Detection (VAD) to accurately identify when the user starts and stops speaking
- Conversation shall flow naturally with appropriate pauses, acknowledgments, and follow-up questions
- The AI shall be capable of handling interruptions, clarifications, and requests to repeat questions
- Response latency shall be minimized to ensure real-time conversational experience (target: <2 seconds)

D. Adaptive Interview Flow Based on Experience Level

- **Fresher/Entry-Level Candidates:** Interview focus shall be on theoretical concepts, academic projects, internships, problem-solving aptitude, and fundamental knowledge relevant to the selected job domain
- **Mid-Level Experienced Candidates (2-5 years):** Interview shall emphasize previous work experiences, project contributions, technical depth, team collaboration, and situational/behavioral questions
- **Senior-Level Candidates (5+ years):** Interview shall focus on leadership experiences, strategic decision-making, complex problem resolution, mentoring, and organizational impact
- The AI Interview shall dynamically adjust question complexity and depth based on user responses under the NOS/LOC & NQR-Based Skill Assessment Framework aligned with NCVT and NSQF job roles.

E. Job-Specific Interview Customization

- Users shall be able to select specific jobs from their 'Interested Jobs' list fetched from Naipunyam Portal
- Users shall have the option to create 'Virtual Jobs' by specifying job title, company name, job description, and required skills
- Interview questions shall be tailored to the specific job role, industry sector, and required competencies
- The system shall cover technical skills, domain knowledge, soft skills, and company- specific aspects where applicable

F. Interview Session Structure

- Each interview session shall have a fixed duration (recommended: 10 minutes)
- Session shall include: Introduction → Technical/Domain Questions → Behavioral Questions → Candidate Questions → Conclusion
- The AI shall ask relevant follow-up questions based on candidate responses

- Users shall have the option to pause, resume, or end the interview prematurely

Post-Interview Feedback and Analytics

- Comprehensive performance report shall be generated at the end of each session
- Feedback shall include scoring on: Communication Skills, Technical Knowledge, Problem-Solving Ability and Confidence)
- Specific improvement suggestions shall be provided for each assessment area
- Feedback shall be translatable into regional languages

3. Integration Requirements Naipunyam Portal Integration

The Multilingual Interview Platform shall be tightly integrated with APSSDC's Naipunyam Portal to ensure seamless user experience and data consistency.

Single Sign-On (SSO) Integration

- Platform shall implement SSO-based authentication with Naipunyam Portal
- Users logged into Naipunyam shall be able to access the Multilingual Interview Platform without re-authentication
- Support for standard authentication protocols (SAML 2.0, OAuth 2.0, OpenID Connect)
- Session management and secure token handling

Data Synchronization

The platform shall frictionlessly fetch the following data from Naipunyam Portal:

- **User Profile Information:** Name, contact details, educational qualifications, work experience, skills, certifications
- **Resume Data:** Resume document or structured resume data stored in Naipunyam
- **Interested Jobs:** List of jobs the user has expressed interest in or applied for
- **Training History:** Courses completed, ongoing enrollments, certifications earned
- **Assessment Results:** Scores and competency levels from Naipunyam assessments

Virtual Job Creation

In addition to jobs fetched from Naipunyam, users shall be able to create virtual jobs for practice:

- Input fields for: Job Title, Company Name (optional), Job Description, Required Skills, Experience Level
- Option to use AI-assisted job description generation based on job title
- Virtual jobs shall be available for Mock Interview
- Users shall be able to save, edit, and delete virtual jobs

Note: Payment will be made based on per minute per candidate.

Technical Requirements Platform Architecture

- Cloud-native architecture with microservices design
- Horizontal scalability to handle multiple concurrent users
- High availability design with 99.5% uptime SLA

AI and ML Requirements

- Large Language Model (LLM) based conversational AI for interviews and counseling
- Speech-to-Text (STT) engine with support for Indian languages and accents
- Text-to-Speech (TTS) engine with natural-sounding voices in multiple languages
- ML models for job matching and career recommendations

Security and Accessibility Requirements

-
-
- End-to-end encryption for all data in transit and at rest
- Role-based access control (RBAC) implementation
- Secure API design with rate limiting and input validation
- Responsive web design supporting desktop, tablet, and mobile devices
- Browser compatibility: Chrome, Firefox, Safari, Edge (latest 2 versions)

- d. The bidders shall sign on the statements, documents, certificates, uploaded by them, owning responsibility for their correctness/authenticity.
- e. The bidders shall attach all the required documents for the specific tender after uploading the same during the bid submission as per the Tender Notice and Bid Document.

9.2 Submission of Physical Bids/Hardcopies

- Not applicable

9.3 Registration with e-Procurement platform

For registration and online bid submission, Bidders may contact HELP DESK of <https://tender.apecurement.gov.in>.

9.4 Digital Certificate Authentication

The Bidders shall authenticate the bid with their Digital Certificates for submitting the bid electronically on e-Procurement platform and the bids not authenticated by digital certificate of the bidders will not be accepted on the e-Procurement platform.

9.5 Deactivation of Bidders

If any Selected bidder fails to submit the original Hard Copies of uploaded certificates/ Documents, original DD towards Processing fee and online Payment Receipt EMD within the stipulated time or if any variation is noticed between the uploaded documents and the hard copies submitted by the bidder, the selected bidder will be suspended from participating in the tenders on Andhra Pradesh e-Procurement platform for a period of 3 years. The e-Procurement system would deactivate the user ID of such defaulting selected bidder based on the trigger/recommendation by APTS in the system. Besides this, APTS shall invoke all processes of law including criminal prosecution of such defaulting bidder as an act of extreme deterrence to avoid delays in the tender process.

9.6 Tender Document

The Bidders are requested to download the RFP document and read all the terms and conditions mentioned in the RFP document and seek clarification, if any, from APTS. The bidders shall keep track of any changes by viewing the addendum/ corrigendum issued by APTS from time-to-time, on e-Procurement platform or on APTS website. The Department calling for Tenders shall not be responsible for any claims/problems arising out of this.

9.7 Bid Submission Acknowledgement

The bidders shall complete all the processes and steps required for bid submission. The system will generate an acknowledgement with a unique bid submission number after completing all the prescribed steps and processes by the bidders. Bidders may also note that the bids for which an acknowledgement is not generated by the e-Procurement system are treated as invalid or not saved

in the system. Such invalid bids are not made available to APTS for processing the bids. APTS is not responsible for incomplete bid submission by users.

9.8 Number of bids and respondents

No Bidder shall submit more than one (1) bid, in response to this RFP. Sub-contracting is not allowed under this RFP without prior notice and approval from APTS.

9.13 Ownership and Use of Data

APPSSDC of AP hold exclusive rights to all data captured by the system. The bidder cannot sell or use data for its own research or benefit without prior approval granted by APSSDC of AP.

9.14 Consequences of Termination

The selected Bidder/Service provider will forfeit the security deposit/ Bank Guarantee.

9.15 Termination for Insolvency

The APTS user Department (APSSDC of AP) may at any time terminate the Contract by giving written notice to the Tenderer, if the tenderer becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the Tenderer, provided that such termination will not prejudice or affect any right of action or remedy, which has accrued or will accrue thereafter to the Tendering Authority.

9.16 Force Majeure

The Bidder shall not be liable for forfeiture of its performance security, penalties, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure. For purposes of this Clause, "Force Majeure" means an event beyond the control of the Bidder and not involving Bidder's fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the Client in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes, act of god, riots, strikes, change in relevant government policy etc.

If an event of Force Majeure continues for a period of ninety (90) days or more, the parties may, by mutual agreement, terminate the Contract without either party incurring any further liabilities towards the other with respect to the Contract, other than to effect payment for goods/services already delivered or performed.

9.17 Notices

Any notice given by one party to the other pursuant to this contract shall be sent to the other party in writing or by email and confirmed in writing to the other party's last recorded address. A notice shall be effective when delivered or tendered to other party whichever is earlier.

9.18 Binding Clause

All decisions taken by the Tender Inviting Authority regarding the processing of this tender and award of contract shall be final and binding on all parties concerned. The Tender Inviting Authority, reserves the right:

To vary, modify, revise, amend or change any of the terms and conditions mentioned in Tender Document; or

To reject any or all the tender/s without assigning any reason whatsoever thereof or to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder(s) or any obligation to inform the affected bidder(s) of the grounds for such decision.

9.19 Interpretation of the Clauses

In case of any ambiguity in the interpretation of any of the clauses in Tender Document or the Contract Document, the Tendering Authority's interpretation of the clauses shall be final and binding on all parties.

9.20 Special Conditions of Contract

Sub-contracting of the core activity is not allowed under this RFP.

Risk Purchase: In case of breach of any of the conditions of the agreement or delay in supply or failure to implement at bidder's own quoted rates, APTS may at its option, take any or all of the actions detailed below:

- Implement/ Purchase from elsewhere on bidder's Risk or Account the entire

or the remaining items and services.

- Forfeit either wholly or the part of the service charges/ security deposits.
- Taking of such other action against the bidder including legal action for breach of contract.
- Levy of penalties or withheld payment to the extent of services not provided.

9.21 Warranties & Intellectual Property Rights (IPR)

- During the operations phase from the date of Go-Live, the bidder will implement all product(s) and documentation updates, patches/ fixes, and version upgrades within 15 days of their availability/release date and should carry out installation and make operational the same at no additional cost to APTS/Department. Such activity would have to be planned by bidder in such a way that the same results in zero down time for users i.e. ideally to be completed during off business hours).
- Bidder must ensure that they have all necessary licenses, approvals, consents of third Parties/principal manufacturers and all necessary technology, hardware and software to enable it to provide the solution.
- Intellectual Property in anything developed by the Service Provider specifically and exclusively for APSSDC and based on the information or data owned by APSSDC, shall vest solely with APSSDC. APSSDC requires the source code along with administrative passwords of the application mandatorily. APSSDC will have the IPR for all the functional processes and process flows therein.

9.22 Resolution of Disputes

APTS and the successful bidder shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the contract. If, after thirty (30) days from the commencement of such informal negotiations, APTS/APSSDC Department and the successful bidder have been unable to resolve amicably a contract dispute, either party may require that the dispute be referred for resolution to the formal mechanisms specified here in. These mechanisms may include, but are not restricted to, conciliation mediated by a third party.

In case of a dispute or difference arising between APTS and the successful bidder relating to any matter arising out of or connected with the agreement, such disputes or difference shall be settled in accordance with the Arbitration and Conciliation Act (Amendment), of India, 2015.

9.23 Amendment of the RFP

At any time prior to the bid submission date, APTS, for any reason, whether at its own initiative or in response to a clarification requested by eligible Bidder/s, may modify the RFP by issuance of an addendum. Such amendments shall be uploaded on the e- procurement website <http://www.apecprocurement.gov.in> and APTS website through a corrigendum and form an integral part of the e-bid/RFP

document. The relevant clauses of the e-bid/RFP document shall be treated as amended accordingly. It shall be the sole responsibility of the prospective bidder to check the above-mentioned websites from time to time for any amendment in the RFP document/s. In case of failure by the bidder to get the amendments, if any, the APTS shall not be responsible for it.

In order to provide the bidders a reasonable time to examine the addendum, or for any other reason, APTS may, at its own discretion, extend the bid submission date.

9.24 Late submission

- The server time indicated in the bid management window on the e-procurement website <http://www.apecprocurement.gov.in> will be the time by which the e-bid/proposal submission activity will be allowed till the permissible date and time scheduled in the e-tender.
- Once the e-bid/proposal submission date and time is over, the bidder cannot submit their e-bid/proposal.
- The bidders are advised to start the bid submission well in advance so that the submission process passes off smoothly.
- The bidders will only be held responsible if his/her e-bid/proposal is not submitted in time due to any of his/her problems/faults, for whatsoever reason, during the e-bid/proposal submission process.
